**LIFE ESSENCE**

The Wonder of Modern Chemistry is pronounced to be unequalled for its value in re-establishing the vitality of the body, by supplying all the essential constituents of the Blood, Brain and Nerve Substance, and for developing all the functions of the System to the highest degree. It acts as a specific, curing all those of the present age, for the speedy and permanent cure of all diseases of the *Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Capacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite*. Being a natural Restorative, its curative effects are not followed by corresponding reaction but are permanent, and are frequently shown, from the first day of its administration, by a remarkable *Increase of the Nervous Power*, with a feeling of Strength and Comfort to which the patient has long been unaccustomed. The symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement; the face becomes fuller, the hair red, the eyes brighter, the skin clear and healthy. The hair and beard grow and acquire strength, as also the nails, showing the increase of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the *Lively, Animating Element of life which has been wasted*, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more exhausting Processes of Life, maintaining that *Buoyant Energy of the Brain and Muscular System which renders the Mind Cheerful, Happy, Brilliant and Energetic*; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action. Price, \$1.50 per bottle.

BANK FAILURE.

INDIANAPOLIS, February 1.—Ritsinger Brothers' bank, established in 1867 and which has done a large business among Germans, did not open its doors this morning. The proprietors, Frank L. and August W. Ritsinger, made an assignment. The papers were executed after midnight. While there had been talk affecting the standing of the bank, it was not generally discussed, but rumors have been widespread enough to affect the bank's customers, causing a falling off in its business to such an extent as to necessitate the suspension of business. The senior partner, when asked what caused the assignment, said the bank had been taken to death. While there had been no run on the bank old customers had dropped off. As yet no statement of the assets and liabilities has been made. One of the attorneys says the assets will amount to between \$300,000 and \$400,000, but much of it is in real estate, not easily convertible. He would express no opinion as to the liabilities, but they amount to a great sum, it is believed. The suspension naturally caused much excitement and some feeling among depositors, and a great crowd has surrounded the bank's doors all the morning. A run has begun on S. A. Fletcher & Co.'s bank, but it is hoped and believed they will be amply able to weather the storm. This bank is the oldest in the city, and is regarded as one of the most substantial. No effect has been felt by the national banks.

At 1 o'clock this afternoon the run on Fletcher's bank perceptibly decreased, and at no time has there been any disorder. In anticipation of this state of affairs, the manager of the bank had provided dollar for dollar in cash for the claims, and this fact becoming known went a long way towards restoring confidence. Other banks had also provided themselves against possible demands, and it is believed now that the flurry will die away before night. Early this morning G. P. Marrott, in Ritsinger's bank, excitedly thrust a pistol into his face, threatening to kill. He was taken away, however, before he did any harm.
